

Introducing Our New Online MBA Program

The Program

Thank you for your interest in the King Graduate School at Monroe College. This MBA Program in Business Management gives participants a holistic and broad picture of the business world. At King, we place emphasis on creative problem solving and decision making in real business situations.

Monroe Online Advantages

FACE-TO-FACE INTERACTION

Monroe Online students meet their professor's face-to-face in weekly or monthly video sessions using our Elluminate technology. These "live" sessions enrich the curriculum with discussions about cases and key topics or simply provide students with the opportunity to ask questions directly to the professor.

REAL WORLD FOCUS

Throughout the program students are developing a business plan based on their interests. This allows students to apply their academic studies to an actual business situation. Business cases and online discussions that focus on current events also connect the real world to the curriculum on a weekly basis.

THE ULTIMATE IN FLEXIBILITY

Obviously a Monroe Online MBA provides the ultimate flexibility for working professionals. But what if you ever wanted to take a class in person? At Monroe Online, you can attend in person at our Bronx or New Rochelle campuses whenever you want. This means you could register for the entire class on campus or drop by for an evening to listen to a particular lecture.

CAREER AND STUDENT SERVICE SUPPORT

Online MBA students attend two on-site Saturday sessions during the course of their program. These sessions allow students to network with their professors and fellow students as well as receive academic and career advising by the Office of Career Advancement.

ONLINE MBA PROGRAM FACT SHEET

The MBA Program in Business Management is a 36 credit program consisting of 12 courses. Full-time students take 3 classes per semester and are able to complete the program in 16 months. Part-time study is also available.
