Re: Veteran's buyback legislation

Last night Governor Cuomo signed into law a bill that grants veteran's the ability to buy back their service time toward their public service time. This bill has been a major agenda item for the SCOA for the last three years. It's passing signifies a monumental acknowledgment of the loyalty and sacrifice our veterans have displayed for this country and its values. This would not have been possible without the extraordinary work of Gordon Warnock, who as SCOA's legislative attaché deserves all of our thanks and appreciation. We will supply further details as they become available and will continue to vigorously pursue any legislation which will benefit our members.

Respectfully,

SCOA
